SOLD OUT FOR 2020, THANK YOU

Wild Acres will take pre-orders again via email starting on Nov 1, 2020 for April of 2021. We sell poultry and waterfowl from April through to July.

We do not vaccinate our chicks. There will be limited ACE Courier deliveries of chicks & ducklings to select locations in BC only for April and May. Chicks and waterfowl are sold as day olds and unsexed (aprox. 50% male/50% female) 20% deposit on all chick and waterfowl orders (min. of \$20 deposit on small orders) sent to us via Interac email transfer to info@wildacres.ca We do not sell pullets, laying hens, roosters or other adult birds. We do not offer refunds, or take back any birds once they are hatched or purchased and leave our property due to biosecurity reasons.

Hatching eggs are shipped across Canada from April-June depending on availability via Xpresspost only. We will not ship less than a dozen eggs but you can have more than one breed in that dozen. We do not ship outside of Canada. All eggs are dated and labelled as to what type they are with pencil. We require a \$20 deposit on fertile eggs to reserve them for you. All eggs must be paid in full before shipping.

Please contact us via email if you have any questions or issues filling in the order form and we will assist you.

While we take every care in preparing eggs for shipping, they are dispatched completely at your own risk. We do not offer refunds or replacements in the event of breakages, internal damage caused during shipping, or poor hatches. Remember you are buying EGGs, not guaranteed chicks. **Expect a 50% loss or more on shipped eggs and there will be some loss on picked up eggs as well. Therefore, we do not refund, replace or credit hatching eggs and we do not refund deposits unless we can't supply the order. There is no insurance with eggs from Canada Post.**

*See our policy pages. <https://wildacres.ca/shipping-eggs/>
