Carolyn & Geoff Wild,

We are sold out of chicks, ducklings, goslings, turkey poults and hatching eggs for 2021. Thank you.

Wild Acres believes in quality not quantity. Orders are limited each year as we have smaller breeding flocks. We only sell poultry and waterfowl in April, May and June. We do not vaccinate our chicks, but we do follow biosecurity protocols. Chicks and waterfowl are sold as day old and unsexed (approx. 50% male/50% female) Due to Covid-19 we are not shipping chicks this year. They will be pick-up only.

We do not take Visa, personal cheques nor money orders. There is a 20% deposit on all chick and waterfowl orders (min. of \$20 deposit on small orders) sent to us via Interac email transfer to info@wildacres.ca Please contact us via email if you have any questions or issues filling in the order form and we will assist you.

We do not sell pullets, laying hens, roosters or other adult birds. We do not offer refunds or take back any birds once they are hatched or purchased and leave our property due to biosecurity reasons. **We do not ship eggs or poultry to other countries.**

Hatching eggs are only shipped across Canada from April until June depending on availability via Xpresspost only. We will not ship less than a dozen eggs but you can have more than one breed in that dozen. All eggs are dated and labelled as to what type they are with pencil. We require a \$20 deposit on fertile eggs to reserve them for you. All eggs must be paid in full before shipping.

While we take every care in preparing eggs for shipping, they are dispatched completely at your own risk. We do not offer refunds or replacements in the event of breakages, internal damage caused during shipping, or poor hatches. Remember you are buying EGGs, not guaranteed chicks. **Expect a 50% loss or more on shipped eggs and there will be some loss on picked up eggs as well. Therefore, we do not refund, replace nor credit hatching eggs and we do not offer refunds on deposits unless we can't supply the order. Canada Post does not insure hatching eggs or offer refunds.**

Please note: Because of the Covid-19 pandemic, things are moving more slowly at Canada Post. They have waived guaranteed delivery times for all parcels. To read more about Canada Post's new protocols and potential delays visit www.canadapost.ca
Your patience & kindness is appreciated! **See our policy pages. <https://wildacres.ca/shipping-eggs/>*
